

2016-12-16

Shibboleth Developer's Meeting, 2016-12-16

Call Administrivia

10:00 Central US / 11:00 Eastern US / 16:00 UK

Calls are normally the 1st and 3rd Fridays of each month. Next call would be Friday 2017-01-06. Any reason to deviate from this?

60 to 90 minute call window.

Call Details

This week's call will use the Zoom system at GU, see [ZoomGU](#) for access info.

AGENDA

1. Jetty 9.4
2. Git status
3. Work plans

Attendees:

Brent

Daniel

- Made the call late...
- Update ldaptive to v1.0.10 for v3.4

Ian

Marvin

Rod

- Bah humbug!
- OpenSSL 1.1 - approaching the end
 - SP installer still pending (File names have changed)
- VC14
 - Inpenetrable bug when compiling a boost macro. Faint, but pursuing
- Need to loop back to the installer some time

Scott

- SOAP client code review
- Bug ident / fixes, supporting adopters
- IDP-627 research and simple steps
- Profile config docs

Tom
